FIRE & SECURITY

## Protect your Fire Safety Equipment from harsh weather, misuse & vandalism

As the cold weather starts to set in, there's a responsibility to ensure that fire extinguishers in an outdoor setting are protected from the elements.

The CX6 & CX7 Fire Extinguisher Boxes are the ideal storage solution for extinguishers in a variety of outdoor settings, including holiday caravan parks, construction sites, and garage forecourts.

### Brand new and innovative design

With their innovative design, reinforced and non-deformable structure, and optional alarm security, the CX6 and CX7 Commander Fire Extinguisher Boxes are designed and built to provide long lasting protection for Fire Extinguishers making them ideally suited for all outdoor applications.

Made of polypropylene by injection moulding, their solidity and durability is guaranteed to withstand even the harshest weather conditions.

Our Boxes are compliant with British Standards which stipulate that all reasonable measures must be taken to protect fire safety equipment from damage, vandalism and accidental discharge.

### Applications

- Holiday Parks
- Garage Forecourts
- Aviation Spaces
- Construction Sites
- Industrial Sites
- Festivals

### Features

- Storage for 4 x 6ltr water, foam or 6kg powder Fire Extinguishers
- Ergonomic side handles for easy carrying, as well as space for a padlock
- Highly resistant to water, UV rays and high and low temperatures Internal TPE seal protects against dust and water ingress
- High resistance to flammability and fuel and lubricating oil
- Smooth, soft lid to support with sign application
- Ground fixing kit available
- Optional Alarm Security (CX7)

CX6

CX7 (with alarm)

Large spaces like yours have traditionally utilised 9ltr fire extinguishers to ensure the extinguisher's capacity is sufficient to cover the size of area at risk should a fire break out. Now the fire ratings of our 6ltr extinguishers are more than high enough for this application – making our CX6 & CX7 boxes a viable and cost-effective option.

### Dimensions

External (mm): 655 x 520 x 570

Internal (mm): 536 x 420 x 537

Weight: (kg): 6.3

Capacity (lt): 108.5 = 4 x 6kg/ltr fire extinguishers
